

Dear Peer Advisor,

I hope that you are enjoying your summer! We are in the process of matching advisees with pre-major and peer advisors for the Class of 2022. **In mid-June, we will send you a list of your advisees and your advisees will receive your contact information.** After that, your advising conversations will begin. We will be sending another email as that date approaches.

In preparation for those conversations we recommend some next steps:

- Move through the College's Canvas course, **Compass**, which is your advisees' primary online guide for academic information and next steps in the College. They will need to engage with Compass including completing the Advising Questionnaire before speaking with you in June and early July.
- Revisit the **For Peer Advisors** page on the College website. It contains all the information you will need for peer advising.

Stay tuned for more emails from us with information and updates over the summer and into the academic year. And please let peer managers know if you have any questions. Thank you again for serving as a peer advisor for students in the Class of 2022. You are a critical resource for these students as they make their transitions to college and learn how to navigate Penn.

Sincerely,

Niel McDowell
Associate Director of Advising, Peer Advising Program Coordinator
